

Welder (m/f/d) in Berlin

Your Tasks:

- You will weld MAG and TIG on stainless steel/steel in the thin sheet metal area.
- You will carry out welding work in accordance with the specified instructions.
- Your responsibilities will also include preparatory work and reworking during the welding process.

Your profile:

- Ideally completed education.
- Experience in welding, straightening and grinding sheet metal. Specialist knowledge with valid welding certificates and confident working with technical drawings.
- Social skills, including an independent, careful and prudent way of working, ability to work in a team and willingness to work multiple shifts.
- German language skills at B2 level.

Our offer:

- 37.5 hours/week
- An interesting and varied working environment awaits you.
- Flat hierarchies and collegial cooperation create a family atmosphere.
- You benefit from a wide range of further training opportunities.
- 30 days vacation per calendar year
- Good public transport connections and free employee parking are available to you
- Participation in community-promoting company events.
- Company pension scheme and BVG company ticket/job bike round off our benefits.

In Berlin, we use unique laser welding technology to develop, optimize and produce complex lightweight components and assemblies made of steel, stainless steel and aluminum for future-oriented and sustainable mobility.

Become part of the Photon family, develop your personal potential and shape global projects with us!

We look forward to receiving your complete application, stating your earliest possible starting date and your salary expectations.
