## Toolmaker (m/f/d) in Berlin

### Your Tasks:

- You are responsible for the production of devices and tools.
- You will be responsible for the maintenance, care and repair of all equipment and tools used in production.
- You will operate drilling, turning and grinding machines.
- You have excellent manual skills.
- You are experienced in polishing and fitting tool elements.

### Your profile:

- You have completed training as a toolmaker.
- With your professional experience in this field, you have sound knowledge.
- Precision, independence and independent work are a matter of course for you.
- You are resilient, a team player and flexible in your working style.

### Our offer:

- 37.5 hours/week.
- An interesting and varied working environment awaits you.
- Flat hierarchies and collegial cooperation create a family atmosphere.
- You benefit from a wide range of further training opportunities.
- 30 days vacation per calendar year.
- Good public transport connections and free employee parking are available to you.
- Participation in community-promoting company events.
- Company pension scheme and BVG company ticket/job bike round off our benefits.

In Berlin, we use unique laser welding technology to develop, optimize and produce complex lightweight components and assemblies made of steel, stainless steel and aluminum for future-oriented and sustainable mobility.

Become part of the Photon family, develop your personal potential and shape global projects with us!

We look forward to receiving your complete application, stating your earliest possible starting date and your salary expectations.
